From: Kira Farm Development Centre  
Subject: The Journey Begins

Dear Bill

How are you doing? Hope everything is very well with you, I am so happy to hear that you are sponsoring my training for one year at Kira Farm which is such a gorgeous place to study and make new supportive friends and family.

My name is Susan Mwenewo, I am 18 years old. I come from Kaliro a district in the eastern part of Uganda.

At Kira Farm we are 40 trainees and we all come from different parts of Uganda, with different cultures and philosophies which make this place very interesting and very unique.

We have nice workshops for training, nice hostel and bathrooms with showers something we do not treasure at our homes since we are used to fetching water from wells in case of a bath.

At Kira Farm I am training to become tailor and designer for all types of garments, a hair dresser for both sex and a farmer looking after goats, rabbit and rearing chicken to improve on diet but also to

Raise funds for the development of my big dreams in future.

Thanks a lot again for supporting me and I will keep emailing you every month to let you know how I am doing.

Thanks a lot for your generosity I promise not to waste this opportunity. Hope to hear from you and get to know you as well.

Yours.

Susan
